

Compound Wiki Site Scorecard

Name: _____ Compound: _____

The wiki pages are scored based on the quality and quantity of information they contain as well as the organization and quality of its presentation.

1. Information:	2. Presentation:
<ul style="list-style-type: none"> Is the site informative? Can someone learn about the element from the site? Is the information well developed or just a list of "facts"? Amount of information. Presence of required information. Is the information correct? 	<ul style="list-style-type: none"> Is the site well organized? Is the information easy to find and read? Creative/Artistic appeal. Use of graphics. Spelling and grammar

Information	
0 1 2 3	• compound name, formula, and molar mass
0 1 2 3 4 5	• picture of compound
0 1 2 3 4 5 6 7 8 9 10	• a 3-D model of the compound
0 1 2 3 4 5 6 7 8 9 10	• historical background/story of discovery
0 1 2 3 4	• melting point and boiling point
0 1 2	• density in natural state
0 1 2 3 4 5 6 7 8 9 10	• where is it found? How is it obtained?
0 1 2 3 4 5 6 7 8 9 10	• explanation of structure: percent composition by mass, percent composition by number, type of bonding, etc.
0 1 2 3 4 5	• chemical properties/reaction tendencies
0 1 2 3 4 5 6 7 8 9 10	• uses and importance of the compound
0 1 2 3 4 5 6 7 8 9 10	• overall amount of information
0 1 2 3 4 5 6 7 8 9 10	• is the information well developed?
0 1 2 3 4 5	• correctness of information
0 1 2 3 4 5 6 7 8 9 10	• references
0 1	• indication of author(s) on homepage

Comments:

Presentation																			
0	1	2	3	4	5	6	7	8	9	10	• Is the site well organized? Is the information easy to find and read?								
0	1	2	3	4	5	6	7	8	9	10	• artistic appeal – use of graphics								
0	1	2	3	4	5	6	7	8	9	10	• spelling and grammar								
0	1	2	3	4	5	6	7	8	9	10	• file sizes allow for reasonable wait times for readers								
0											1	2	3	4	5	• links operate correctly			

Comments:

Scoring	
<i>First Evaluation</i>	
Date:	_____ points ÷ 150 points x 100 =
<i>Second Evaluation</i>	
Date:	_____ points ÷ 150 points x 100 =
Total =
